

8-12-24

AUGUST GREENS UPDATE

- GOLF COURSE UPDATE

- Venting of greens was completed this week to allow air to our roots and relieve some of the summer stress.
- The putting green drainage upgrade was started today and planned to be wrapped up this week...we will be closing this area of the green for 1-2 weeks while the sod takes root. Please stay off of it during this time.
- More drainage and irrigation repair will keep us busy until fall aerification Sept 3-4-5th!

- New Business

- Revision/Discussion of fall bunker renovation plan; 8-9-13 green-14- ...?
- Delivery of new autonomous mower to West Shore. It is up an operational, please do not interfere or try and ride on the mower at any time.
- Maintenance area renovations.
