## WINTER GREENS UPDATE

### ○ GOLF COURSE UPDATE

- The golf course putting greens are officially closed for the season, a heavy sand topdressing has been applied to insulate them for the cold winter months. Please stay off them until the spring. Similarly, the tees and approaches also received sand to further improve playing conditions.
- Temporary pins have been placed in the fairways for those wishing to walk on nice days this winter.
- Tree removals have begun and will be concluded early next month with stump grinding immediately to follow.

### ○ New Business

- New in ground tee plates to be delivered in January.
