

## **January Message from the Board**

Welcome to 2022! As the winter cold has gripped West Shore, there are a lot of things still going on the Board would like to share with you. The Pro Shop renovation is moving ahead on schedule. EK has done a great job of planning and supervising each step. A crew of West Shore members has done most of the work and are to be commended (among the most involved: Dennis Springstead, George Ouellette, Kevin Holler, Bob Pettry, and Dan Whaley) for their dedication. Final coats of paint are going on the new walls and ceiling. Completion of the project is anticipated to be mid-March so everything will be ready for the start of the 2022 golf season.

Evan and his crew have worked this winter trimming and removing trees (many weak, damaged, rotting) and cleaning up various parts of the course. Equipment is being sharpened and tuned up for the coming spring. The larger practice putting green and several drains have been installed. When spring allows, the seeding will be done. It is anticipated that by July we will be able to utilize the whole new putting surface.

For those of you still here in the colder climate West Shore is hoping to host a couple social events over the winter. The annual Super Bowl Party, this year on February 13<sup>th</sup>, is being planned. You should hear more about that and the details very soon. March 17<sup>th</sup> is St. Patrick's Day and the Opening Day of March Madness (NCAA basketball tournament), we are investigating the idea of hosting a FUN DAY at West Shore with four tv's showing the games and plenty of food and beverage. So, note both of those dates and events on your calendar. The winter golf league at X- Golf on Tuesday evenings has also started, 24 players are on teams, subs are still needed though so contact EK if you'd like to check that out.

The Board of Directors hopes 2022 is a wonderful year for you! Those of you staying warm in sunny places, we hope you are doing well and look forward to seeing you when you get back. Those of you still here in the colder climate, we hope you too are doing well and look forward to seeing you at one of our winter excuses to get together. No matter where you spend the winter, we look forward to seeing you again and assure you that an impressive West Shore will be ready for YOU this golf season.
